

WE ALSO PROVIDE:

Private Tutoring:

We serve students from Pre-K to 12th Grade as well as college students. In addition to English/Reading & Math, tutoring is also available in all core subjects such as: Math, Science, History, Study Skills, Special Needs, ESL and Standardized Test Prep (NY State exams, Regents, SAT, etc.)

Our teachers are NY State certified and have a wealth of experience to offer you. Receive the very best one-on-one attention with specialized instruction designed to target your child's specific academic needs.

Regents Test Prep:

NY State Regents Test Preparation & Tutoring with All About Kids will assist your child in the review of academic material, test taking strategies and time management. Parents will receive information on a regular basis about progress students are making regarding Regents prep. Based on diagnostic tests, we will pinpoint your strengths and weaknesses, allowing you to focus on where you need to study the most. One-on-One assistance is available at home or in a public library. Call us for more information.

SAT Prep:

Our outstanding instructors get you test ready by building skills and confidence in all SAT subject areas. Our program is designed to give you a mastery of test taking strategies that will help you achieve your very best results on the SAT and beyond. Our students feel fully prepared and confident after completing our program. Call us for more information.

GED Test Prep:

Students' GED test scores are compared to the performance of recent high school graduates. They are assigned a score between 200 and 800 in each of the content areas. To determine whether an individual has passed the test, most states look at the scores for each section and the average of all the scores. Minimum requirement varies from state to state. However, the GED Testing Service asserts that, in order to pass the test, an individual should get at least a 410 on each section of a test as well as an average of 450. Our instructors will administer a pre and post-test, in order to determine students' learning, needs and progress. They will then review all sections of the test with the students so that they will feel confident in every subject area when taking this important exam. Call for more information.
